Rp called in stating daughter has a brain tumor and has been having ongoing behavioral issues

Mother stated she has power of attorney after daughter was in the hospital for over a month and parents just brought the daughter back last Monday - Parents stated this has been an ongoing issue after bringing daughter home with her borderline behavioral issues - Father advised daughter punched him in the head last night while he was trying to get her back inside after she walked out onto the porch without wearing proper clothing - Parents would like daughter to get help with her behavioral issues but advised she might get physical

870 was notified at 0207

Parents called back updating at 0222 - 870 was notified of update

Parents advised doctors told them the daughter's behavioral issues were not due to the brain tumor and that it had not grown any further

Parents are afraid of it getting more dangerous

870 notified of update from a behavioral health care 3rd party
